

# Loved You For So Long

Faydee

I love you more than anything,  
I never thought I'd find someone so amazing  
And everything I thought I knew  
Turned out to be nothing without ya... without ya

It makes me wanna cry  
Knowing that you're right here  
Knowing you'll spend your long love  
life with me

You're all I'll ever need  
You're everything to me  
I don't need nobody else but you  
With me...

And that is why  
I'd rather die in your arms  
than live without the fun love  
Because I've loved you for so long,  
for so long, for so long, for so long.  
I'm never gonna let you go  
Forever with your soul  
Because I've loved you for so long,  
for so long, for so long, for so long.

I promise you I'll never leave  
I'll forever have the hope in me honestly  
and I'm still wearing the bracelet you gave me  
when we first met  
And everything I hoped for  
Was standing right in front of me  
It's amazing how you came in, didn't expect it  
and it's funny how I love you  
It makes me wanna cry  
Knowing that you're right here  
Knowing you'll spend your long love  
life with me... with me  
You're all I'll ever need  
You're everything to me  
I don't need nobody else but you  
With me...

And that is why  
I'd rather die in your arms than live without the fun love  
Because I've loved you for so long, for so long,  
for so long, for so long.  
I'm never gonna let you go  
Forever with your soul  
Because I've loved you for so long, for so long,  
for so long, for so long.  
What took you so long but you keeping me waiting  
I can't describe this feeling girl it's something amazing  
I'm falling over and over and over  
Falling over and over and over  
What took you so long but you keeping me waiting  
I can't describe this feeling girl it's something amazing  
I'm falling over and over and over

Falling over and over and over  
I'd rather die in your arms than live without the fun love  
Because I've loved you for so long,  
for so long, for so long, for so long.  
I'm never gonna let you go  
Forever with your soul  
Because I've loved you for so long,  
for so long, for so long, for so long.  
I'm never gonna let you go  
Forever with your soul  
Because I've loved you for so long,  
for so long, for so long, for so long.  
So long...

Cause I've loved you for so long,  
for so long, for so long, for so long.
