

On My Mind

Faydee

3AM I'm up in the mornin'
Want you in my bed, I'd be all on you
This is more than love, what I feel for you
You stay in my head, in my head, Oh

Oh la la
I gotta look outside
It's summer in my mind
You're hotter than Dubai
Oh-oh, oh la la
I gotta look outside
It's summer in my mind
You're hotter than Dubai

When the night is comin'
I got you on my mind
I got you on my mi-i-ind
Summer nights callin
I got you on my mind
I got you on my mi-i-ind

I miss when you don't call me
It's getting way too lonely
I dream about you only
All night long
When the night is comin'
I got you on my mind
I got you on my mi-i-ind

I got you on my mind
I got you on my mi-i-ind
I got you on my mind
I got you on my mi-i-ind

I don't even know what to call it
When I'm in my bed, I'm so stuck on you
It's already tomorrow in the avenue
You're still in my head, in my head, oh

Oh la la
I gotta look outside
It's summer in my mind
You're hotter than Dubai
Oh-oh, oh la la
I gotta look outside
It's summer in my mind
You're hotter than Dubai
Oh-oh

When the night is comin'
I got you on my mind
I got you on my mi-i-ind
Summer nights callin
I got you on my mind
I got you on my mi-i-ind

I miss when you don't call me

It's getting way too lonely
I dream about you only
All night long
When the night is comin'
I got you on my mind
I got you on my mi-i-ind

I got you on my mind
I got you on my mi-i-ind
I got you on my mind
I got you on my mi-i-ind
