I'm just in my zone  
Yeah yay

Daddy's gonna buy you the perfect guy  
And since I'm such a fuckin' jerk  
You and her can make it work

Sush little lady  
You can finally tell your daddy that I made it  
Oh girl you are finally famous  
Truth girl is I couldn't take it  
All I know is I ain't the one, you know it  
Know it  
It's like I was your side thing  
Baby you know you can't deny it

I ain't the one (no)  
I ain't the one no more oh  
I ain't the one  
Another toy for you to play with  
Keep me on your arm when you've had no one  
Throw me to the side  
When you've had your fun  
I ain't the one  
Another toy for you to play with  
Keep me on your arm when you've had no one  
Throw me to the side  
When you've had your fun  
I ain't the one  
I ain't the one  
I ain't the one

Throw me to the side  
When you've had your fun

Another toy for you to play with  
Keep me on your arm when you've had no one  
Throw me to the side  
When you've had your fun

I'mma give you just what you deserve  
Since you never do me right  
You should worry about yourself
