

You Don't Know Me

Faydee

I guess you don't know me
But I know I know you
From the scents of your skin
To the way that he holds you
I know you don't love me
But I know I will love you
If you open up for me
I'll do anything for you

Don't be scared by my words
You may think that I'm absurd
It's just I know what I want
And what I want is something
I can't really get
Tried my best to pretend
Tried my best to forget you
But I can't seem to

Honestly baby if you look me in the face
You'll know I ain't playing games
I hate playing games
And honestly baby I ain't trippy
I just want to you to get with me
Get to know me
Ge-get to know me

I guess you don't know me
But I know I know you
From the scents of your skin
To the way that he holds you
I know you don't love me
But I know I will love you
If you open up for me
I'll do anything for you

Involved, yes, I know
And you're happy, I've been told
But that don't mean I'm a let go
Even if he said so
Girl I knew it was you
That I wanted to pursue
Guess it's got something to do
With the fact that I can't have you

Honestly baby if you look me in the face
You'll know I ain't playing games
I hate playing games
And honestly baby I ain't trippy
I just want to you to get with me
Get to know me
Ge-get to know me

I guess you don't know me
But I know I know you
From the scents of your skin
To the way that he holds you
I know you don't love me

But I know I will love you
If you open up for me
I'll do anything for you

Don't be scared by my words
You may think that I'm absurd
It's just I know what I want
And what I want is something
I can't really get
Tried my best to pretend
Tried my best to forget you
But I can't seem to
But I can't seem to
But I can't seem to

Honestly baby if you look me in the face
You'll know I ain't playing games
I hate playing games
And honestly baby I ain't trippy
I just want to you to get with me
Get to know me
Ge-get to know me

I guess you don't know me
But I know I know you
From the scents of your skin
To the way that he holds you
I know you don't love me
But I know I will love you
If you open up for me
I'll do anything for you

I guess you don't know me
But I know I know you
From the scents of your skin
To the way that he holds you
I know you don't love me
But I know I will love you
If you open up for me
I'll do anything for you

Just gimme a chance
Just gimme a chance
Just gimme a chance
And I'll love you better
Just gimme a chance
Just gimme a chance
Just gimme that chance

I dare you to, I dare you to
I dare you to, I dare you to
I dare you, I dare you, I dare you, oh, I dare you
I dare you to, I dare you to
I dare you, oh, I dare you
I dare you, I dare you, I dare you
