

## Car Therapy

Faye Webster

Every Tuesday, I'll be in the driveway  
Talking to a stranger for some help  
Yes you guessed it, flowers made of plastic  
'Cause I can barely take care of myself

Cold showers, you always forget your towel  
I got you one before you even moved in  
Hold my body and I'll forget I hate me  
You hate when I say that but I did

Every Tuesday, I'll be in the driveway  
Talking to a stranger for some help  
Yes you guessed it, flowers made of plastic  
Cause I can barely take care of myself
