

eBay Purchase History

Faye Webster

You should see my eBay purchase history
You could learn a lot about me
I could do that pain all day
But then there's no one givin' me the way
Had a talk and you talk like, "Okay"
You bite so, so pretty, by the way

I'm always bored and I'm never satisfied
But you've been keepin' me busy in the night
But I'll keep my in the moment we did
Had just learned that word, I thought that I kept sayin'

I've been listenin' to the same thing again
Close my eyes, I can smell my old apartment
It's kinda nice to have familiarities
A sweet escape for a heaven I need
