

He Loves Me Yeah!

Faye Webster

My baby loves me yeah he loves me yeah
He actually told me yeah he told me that
We got our own house and we sleep upstairs
We take a walk and then he brush my hair

My baby loves me yeah he loves me yeah
I think were perfect yeah were perfect yeah

My baby loves me yeah he loves me yeah
He say he miss me then I say it back
And we drink water straight out from the tap
He owes me money but I let it pass

My baby loves me yeah he loves me yeah
I think were perfect yeah were perfect yeah
My baby loves me yeah he loves me yeah
My baby loves me yeah he loves me yeah
My baby loves me yeah he loves me yeah
My baby loves me yeah he loves me yeah

My baby loves me yeah he loves me yeah
I really like the way he holds me down
I pick his face out when he's in the crowd
He pumps my gas so that I don't get out

My baby loves me yeah he loves me yeah
I think were perfect yeah were perfect yeah
My baby loves me yeah he loves me yeah
My baby loves me yeah he loves me yeah
My baby loves me yeah he loves me yeah
My baby loves me yeah he loves me yeah
