

# Overslept

Faye Webster

I always oversleep  
But I'm always next to you  
Do you see me in your dreams?  
'Cause I see you see me too  
At times my mind feels too full  
And I want to empty it  
But I'm scared to write my thoughts down  
In case someone steals them

But I got you  
I got you  
I got you  
I got you
