Come Apart

Fazerdaze

I saw something in your eye when you looked at me
I get a little bit uptight what this could mean
Now I'm trying to figure out what you were thinking
Now I'm figuring it out, it starts to sink in

Wait a minute, wait a minute
Wait a minute, wait a minute
Wait a minute, wait a minute
Wait a minute (wait!)
We grow apart, we fall apart, we break apart
It's just the start of us coming apart

Why? Why do you when I try to speak yeah why do you talk over m
e
I'm fed up of skirting around the truth when you look right thr
ough me

Wait a minute just admit it
Take a minute to commit to a decision
Can we give in and admit this
That we've grown apart, we're falling apart, don't make this ha
rd
This is just the start of us coming apart

Apart at the seams, pull apart at our dream
You were part of me now we break apart

I saw nothing in your eyes when you looked at me
I've known this for a while you and me it ain't working
So take a minute, admit it, lets commit to it
It's a decision and we can get used to it

Cos we grow apart, we fall apart, we break apart
I know it's hard
I know it's hard
We're coming apart
We're coming apart
We're coming apart
