

# Dancing Years

Fazerdaze

I suffocate in thought  
Pinned against the wall  
I fumble and I fall  
Fake a smile through it all  
I'm flickering with doubt  
I see the spotlight coming around  
I wanna run and hide  
Just let this moment pass me by

Dancing years  
These are our dancing years  
Dancing years  
Whoa oh dancing dancing years

We're tangled up in time  
Watching years slide by  
And I'm twenty years behind  
But you don't seem to mind

Cause you hold me up  
Do I hold you down?  
We're stepping in time  
Feel I'm just lagging  
Words in my ear  
Could we disappear  
You've taken the lead now  
I can just follow you

Dancing years  
These are our dancing years  
Dancing years  
Whoa oh dancing dancing years

Let's dance until  
Time becomes an old friend  
Let's dance until  
Time becomes an old friend

Dancing years  
These are our dancing years  
Dancing years  
Whoa oh dancing dancing years

Dancing years  
These are our dancing years  
Dancing years  
Whoa oh dancing dancing years
