

Do you believe in the dark
In feeble love, feeble reel
They say it now
They're dreaming now
Just staying pretty
Every time we last
Feeling on the sun, reel

Well all you ever wanted, all you ever wanted, all you ever, al
l you ever wanted, all you ever wanted
Was reel (reel, reel, reel, reel, reel)

Feeling numb, do you really love now
Feeble reel
Did you really sound?
Did you really sound sense
Tell me me

Well all you ever wanted, all you ever wanted, all you ever, al
l you ever wanted, all you ever wanted
Was reel (reel, reel, reel, reel, reel)
Well all you ever wanted, all you ever wanted, all you ever, al
l you ever wanted, all you ever wanted
Was reel (reel, reel, reel, reel, reel)

Here, come here fast
Feel, I know you so, reel

Well all you ever wanted, all you ever wanted, all you ever, al
l you ever wanted, all you ever wanted
Was reel (reel, reel, reel, reel, reel)
All you ever wanted, all you ever wanted, all you ever, all you
ever wanted, all you ever wanted
Was reel (reel, reel, reel, reel, reel)
