FBG Duck

Fuck around me, get kidnapped
Come through my hood, get your shit snatched
Don't ask me to get shit back
Cause nigga you will never get shit back
Nigga you will never get shit back

Don't try to play with them shooters
They're pull up and shoot your ass, then in your medulla
Oh, they got 30's and Rugers
Oh, don't make them do that to you
Pull up with the heater, watch something else
I'mma keep shooting until there's nothing left
Should have never played with your dumb self
Better go play with someone now

You a bitch nigga, I dislike you
You a bitch nigga, cause a bitch dislike it
That's why she want to ride like a motorcycle
So I'mma let her ride like a motorcycle
She left you, now it's all bad
Now you wanna beat her up so bad
Oh, talking while you're so mad
Thought of telling your bitch I don't care

You rather your time be fucking wastin
I rather talk about fucking paper
I'm counting up like a calculator
I'd rather think about bitchin later
I gotta get me some new grade
Nigga tryna steal my new wave
Try acting like Lew Cane
Brother start flying like Bruce Wayne

Walk through my hood better have a weapon
You fuck around and get taught a lesson
Nowadays I'm not safe for kids
I'm sorry, but that's just the way it is
Nigga talk shit without the offense
Kill the mother fuckers to nothing
Nigga better not get in my way
Toking with me, you're not safe

Fuck around me, get kidnapped
Come through my hood, get your shit snatched
Don't ask me to get shit back
Cause nigga you will never get shit back
Nigga you will never get shit back

Don't try to play with them shooters
They're pull up and shoot your ass, then in your medulla
Oh, they got 30's and Rugers

Oh, don't make them do that to you
Pull up with the heater, watch something else
I'mma keep shooting until there's nothing left
Should have never played with your dumb self
Better go play with someone now

You better watch how you talk to the praisy
Fuck around, hit your face with a daisy
Fuck around and toss your ass in the desert
Watch around for like hmm whatever
Whatever
Talked about bitches, boy I got several
Got in that pussy, like around four hundred
Got in that pussy around seven
Came around the house around nine
Clean the nine, then got some head until eleven
Mmm pockets don't know that faster
I treat your bitch like a stretcher
Gun that I'm toting got kick back
If I was you, bro, I would get back
Run up on me, then you get wacked
Fuck around me with a shitbag

Fuck around me, get kidnapped
Come through my hood, get your shit snatched
Don't ask me to get shit back
Cause nigga you will never get shit back
Nigga you will never get shit back

Don't try to play with them shooters
They're pull up and shoot your ass, then in your medulla
Oh, they got 30's and Rugers
Oh, don't make them do that to you
Pull up with the heater, watch something else
I'mma keep shooting until there's nothing left
Should have never played with your dumb self
Better go play with someone now
