

Great

FBG Duck

Yeah

I'm good bro, you tweaking bro

Shit got me fucking crazy (like that was you bro)

I ain't never popped that many (you should never pop that many bro)

I'm good, I'm good

All these drugs I'm on

Got me out of space

Oh, it feels so crazy

But also it feels so amazing

Bro I got this, leave me alone

You need to get out the way

I promise I'll be okay

You need to let me be great

You do this shit for the fame

Pussy boy I do not

You can tell by my watch

Bitches time taking guap

You treat that bitch like she wifey

I treat that bitch like a thot

You fuck that bitch for some hours

I just let her give me top

Don't try to get in my way

Or try to take food off my plate

My head ain't in the right place

So you better watch what you say

My pockets ain't working no more

So I went and bought me a safe

And today I sipped the whole 8th

And you see it all in my face

If a nigga ever try me

I swear to god he better pray

I'mma tell God he's on his way

And I'm send his ass to heaven's gate

Smoking dope on the 7t floor

This shit make me elevate

I never fucked your bitch, she just sucked my dick

And we went our separate ways

Why the fuck you in your feelings

Always some shit to say

Get up off your ass and get some cash

Everything gonna be okay

It ain't hard to get with me

Cause I'm out here every day

I'm kinda sleep though

So I keep the pole

One in the head, just in case

All these drugs I'm on

Got me out of space

Oh, it feels so crazy

But also it feels so amazing

Bro I got this, leave me alone

You need to get out the way

I promise I'll be okay

You need to let me be great
