

Lean On Me

FBG Duck

I told my daughter that water's gettin' colder
If you ever need a shoulder, you can lean on me
Ridin' 'round in this Rover, hope the cops don't pull me over 'cause this le
an on me
Gucci got me lookin' right
I'm in this all white, so please don't lean on me
Lean on me
Lean on me

Doing 20 down the drive, even though the speed limit 45
Yeah, I'm trippin' in this bitch
Run up on me, I'ma take ya life
With this big, old .45 'case a nigga think I'm slippin' in this bitch
Got caught for a shooter
In the city, thought my life was over
Tried to make a run for it
Twelve caught me and they found the toaster
Made a call to my nigga, say they gon' roll with me just like a stripper
Damn, look what I done
Only live once, got them niggas screamin': "YOLO"
Drop the four up in the soda, got a nigga leanin' over
Got some head up in Minneapolis

All white 'caine on me
Better not get a stain on
See the barrel? Put your brain on it
All these beats, I put pain on it (Money)

I told my daughter that water's gettin' colder
If you ever need a shoulder, you can lean on me
Ridin' 'round in this Rover, hope the cops don't pull me over 'cause this le
an on me
Gucci got me lookin' right
I'm in this all white, so please don't lean on me
Lean on me
Lean on me

I would talk about my struggles, it ain't got shit to do with y'all bitches
Mind ya mind motherfuckin' business
Y'all runnin' 'round this bitch like twelve
Ridin' 'round the hood, tryna find a motherfuckin' witness
Nigga run up on me, get it
Glah, glah!
He gon' catch it to his fitted
Y'all motherfuckin' trippin'
Gotta be kidding, fuck is you sipping?
Better ask 'round on the block, I was good with the Glock
Bro was in the kitchen, I'ma switch to something different
I ain't gotta prove shit, I ain't gotta mention
Pop me a Perc and now I'm on the moon
Losing y'all life, my hoes are comin' too
Shout out my bro Solution, bro, salute
We gon' eat, never runnin' out of food
Up early, tryna buy me a mood
Ridin' 'round with the tool
Don't be a fool, cool

I told my daughter that water's gettin' colder
If you ever need a shoulder, you can lean on me
Ridin' 'round in this Rover, hope the cops don't pull me over 'cause this le
an on me
Gucci got me lookin' right
I'm in this all white, so please don't lean on me
