

On Dat Car

FBG Duck

I say who that is? On that car
He can try to run but he won't make it far
They know what we rap, they know who we are
I can tell he hit, he yelling out ahhh
Tweak with us today, you won't see tomorrow
All these niggas sleep, they high off them bars
If I hit him in his head, that's gon' hurt the heart
Wanna be like me? Boy get on your top

Better use your fucking head, before I hit him with this Glock
I always say I'm out of space, 'cause I'm a star
Oh you think you tough as hell? Who you think you are
We like to do walk ups, we don't shoot out cars
