

Terrified

FBG Duck

Look, look
Feel like I got blood on my sneaks'
I be standing where my brother died
Shit hurt me deep inside
When I see my momma cry
Ya'll believe anything
Even when they telling lies
Just cause you don't see me slide
That don't mean that I'mma let it slide
I don't feel what none' of this niggas say
Like I'm paralyzed
When they come and chasing that money, that's a exercise
Way before this rap shit, we had niggas terrified

Look, had to let that sink in
I was trying to sell, but still dove in the deep in
I'mma keep it real with y'all, I ain't gotta preteen
Dropped outta school, so everyday was like weekend
And I ain't sayin it like I'm proud
But shit I make way more than my teacher
Not to teach the teacher's
Got time to watch them niggas ball
From the fucking bleaching
I became my own leader, bitch, money

Feel like I got blood on my sneaks'
I be standing where my brother died
Shit hurt me deep inside
When I see my momma cry
Ya'll believe anything
Even when they telling lies
Just cause you don't see me slide
That don't mean that I'mma let it slide
I don't feel what none' of this niggas say
Like I'm paralyzed
When they come and chasing that money, that's a exercise
Way before this rap shit, we had niggas terrified

I don't rap about trappin' that much
'Cause I was barely trappin'
Weird shooting nigga did pop up, like what happened?
Most of these rappers, be doing a whole bunch of cappin'
We get a nigga wrapped up, for real
Fuck rapping, fuck it
Niggas know stand ten toes in the streets
Name never got mixtured
'Cause niggas don't wanna be
Everybody already know when it's our six-threes

Look, look
Feel like I got blood on my sneaks'
I be standing where my brother died
Shit hurt me deep inside
When I see my momma cry
Ya'll believe anything
Even when they telling lies
Just cause you don't see me slide

That don't mean that I'mma let it slide
I don't feel what none' of this niggas say
Like I'm paralyzed
When they come and chasing that money, that's a exercise
Way before this rap shit, we had niggas terrified
