

Using Me

FBG Duck

Ayy, ayy
Ehh-ehh, ehh-ehh
Ayy, ayy

Ben Franklin gettin' to my head, I think he using me
All my diamonds hittin' hard, they abusing me
Back then, we was wildin', fuckin' up a whole community
Every time I pop an E, I think that it's two of me

Valentino drip today, Gucci drip tomorrow
Bitch, I got swag out this Earth, I got this shit here from Mars
Fuck her in a Wraith, she fucked a star while she looked up to stars
Then I kicked her out the car, she like who you think you are

I told that bitch that I think I'm big clout
Shut the fuck up, put my dick inside your mouth
After you done talkin' then bitch get out
Bitch had the nerve to go and sit down
Bitch ya irritating, you gettin' on my nerves
Told the bitch I had to go and bust a serve
I don't even sell drugs, but that's the swerve
Ben Frank was calling me, but in other words

Ben Franklin gettin' to my head, I think he using me
All my diamonds hittin' hard, they abusing me
Back then, we was wildin', fuckin' up a whole community
Every time I pop an E, I think that it's two of me

Valentino drip today, Gucci drip tomorrow
Bitch, I got swag out this Earth, I got this shit here from Mars
Fuck her in a Wraith, she fucked a star while she looked up to stars
Then I kicked her out the car, she like who you think you are

Now let's talk some money shit
Bitch, I'm one of
I ain't countin' at hun duns
Then don't want you cause I told you my son sons
The bitch you call your woman, done done
Ballin' on these lil niggas too hard, now I think I'm bun bun
I got too much drip in here, you might slip and fall
No wonder you don't talk about no drip
You don't got no drip at all
I'ma keep it simple, cool, but that don't mean you win
I just have convos with Ben
Better not do that shit again

Ben Franklin gettin' to my head, I think he using me
All my diamonds hittin' hard, they abusing me
Back then, we was wildin', fuckin' up a whole community
Every time I pop an E, I think that it's two of me

Valentino drip today, Gucci drip tomorrow
Bitch, I got swag out this Earth, I got this shit here from Mars
Fuck her in a Wraith, she fucked a star while she looked up to stars
Then I kicked her out the car, she like who you think you are

Ben Franklin gettin' to my head, I think he using me

All my diamonds hittin' hard, they abusing me
Back then, we was wildin', fuckin' up a whole community
