

## Wait On Em

FBG Duck

Yeen sat outside a nigga crib 24 hours and wait on 'em  
M-Me and my niggas been puttin' on mask way  
Before we heard about Corona  
You can think I'm a bitch if you wanna  
I'll come put this bitch on ya  
Been fuckin' niggas baby mommas  
Puttin' dick all in the bitch stomach  
We run from 12 'cause we got a glizzy  
They know we come from the motherfuckin' trenches  
None of my opps can call us bitches  
They know we'll come through and get busy  
And they wonder why my trigger finger always itchin'  
'Cause everytime I look up niggas lookin' like a [?]

I-I can't let them get me, I-I can't let them trick me  
Niggas mad 'cause I'm fuckin' on they hoes  
Bitch, we dont never care, we dont duck no fuckin' smoke  
You better watch how you stare, I-I might have my shooters blow  
If it's on, we get in that mode  
We got some shit that make yo' head explode  
Bow and tie, I'm on they mind like edge control  
Niggas trippin' over bitches, we already had them hoes  
Duck already told you, Mario brothers, we smashin' hoes

So many holes in his face, look like a Jason mask  
I-I-I-I been broke before but I swear never again  
Took a-Took a long time and no I don't got friend  
Everyday I miss my bro, I [?] even eat  
If I want you dead, I pay my shooter ten
