Why you lying you know you not crackin moves  
Being fake for some clout I hope you know that shit not cool  
Why you lying you might as well tell the truth  
Been real from the go I don't know nothing about you  
Why you lying look at the future fuck the past  
Cuz where I'm from fake ass motherfuckas don't last  
Why you lying

So why you lying I shine like the day time  
If a nigga ever try to take mine  
Knock him outta bounds like the bass line  
Shout out to my neck it'll leave you blind  
Put my gun to your head nows it on your mind

Home time you need to give that shit back to your home boys  
Why you lying you know you not crackin moves  
Being fake for some clout I hope you know that shit not cool  
Why you lying you might as well tell the truth  
Been real from the go I don't know nothing about you  
Why you lying look at the future fuck the past

No talking or chitter chat  
Catch a op lacking I hit him I give him that  
I'm at my prime my clout on a different level  
I do a hit out camaros  
I squeeze the metal then hit the petal  
Now niggas dying  
Oh my god my gun shoot a movie

Cuz they don't make em like me no more

Can't rap change things in the streets no more  
Put pressure on them want beef no more

Home time you need to give that shit back to your home boys  
Why you lying you know you not crackin moves  
Being fake for some clout I hope you know that shit not cool
