

Great Strange

Fear, and Loathing in Las Vegas

Ah yeah
Up until now and from now on
There are all kinds of people
It's obvious that we are all different
Those who try to fit in what is called normal
Who said normal is right?
Like we can't stand this
Yeah The difference from others is what makes you only one

(Your thought is yours)
Do not need to be embarrassed
(Why do you hide it?)
Just let it out just like me
(Being yourself is (the) way)
Yeah Let it out, more
Let it out
(Why do you hide it?)
Is someone stopping you?

Stand at the cliff and shout
It is ok if you shed tears
No reason to be made fun of
Fully be yourself
Sharpen your eyes like a real pervert
Nobody is actually normal
At no doubt, being thoughtful to others is a must as a gentleman
Make them frown and you're tasteless
Nobody fits into anything
There's no identical person
Can you love yourself?
Can you take in yourself including your bumpy parts?
Can you admit others?

Silently see yourself from a bird's view ah

Oh yeah
Today, tomorrow, and even the day after yeah
The face you see on the mirror mirror in mirror in
The morning when you lift your face up from the sink is only yourself
You can only be someone else inside (a) movie

If you are going to deal with yourself for the left few decades
Know who you are and love yourself at once
There must be one for you
Just gotta find one for you

Nobody is normal
Nobody has to be
The same
The difference makes the good taste
Yeah It's no doubt we bump into each other cause we are all different
Nothing to be scared of
(Ah yeah Up until now and from now on)
(You know)
(There are all kinds of people)
(It's obvious that we are)
There's no need to back off

(All different)
(Those who try to fit in what is called normal)
(Who said normal is right?)
(It ain't right)

If you are going to deal with yourself for the left few decades
Know who you are and love yourself at once
There must be one for you
Just gotta find one for you

Yeah Let's switch up the tempo Let's go
Let yourself out Show it right now
The value of you being in this world...
The value of me being in this world...
It's the fact that we are all different human beings
Let's dance

You can think in anyway
There is no reason you have to be the same
Let us live confidently with hope
A fun future should be waiting

You can think in anyway (anyway)
There is no reason (reason)
You have to be you have to be to be the same (the same)
Let us live (Let us)
Confidently with hope (with hope)
(A) fun future should be waiting
