

# Empires Fall

Fear Factory

Every thing you've ever known  
Is coming to an end

Our world has seen it all  
Empires will always fall

Our world has seen it all  
Empires will always fall  
Our world has seen it all  
Empires will always fall

You can never collapse me  
You can never collapse me

Our world has seen it all  
Empires will always fall  
Our world has seen it all  
Empires will always fall

You can never collapse me  
You can never collapse me  
You can never collapse me  
You can never collapse me

Collapse  
Collapse  
Collapse  
Collapse

You can never collapse me  
You can never collapse me  
You can never collapse me  
You can never collapse me
