

Purity

Fear Factory

I cannot resist my surging heartbeat
This act of nature that never ends
A perfect machine that never fails me
I am the face of your damnation
Damnation

I am one of you
Take me as I am
I am one of you
You made me as I am

Bleeding aggression from the scars you gave me
A pure example of humanity
I can't understand your path to salvation
As you sow the seeds for your destruction
Destruction

I am one of you
Take me as I am
I am one of you
You made me as I am
As I am

Hatred for your creation
Purity has taken form
Vengeance for your religion
Purity has been reborn

Purity has been reborn
Purity has been reborn

I am one of you
Take me as I am
I am one of you
You made me as I am

I am one
I am one
I am one
I am one of you
One of you
