Fear Factory

"I must not fear, fear is the mindkiller"  
"When the fear is gone, only I remain"

Imagine your life  
Taken from you  
Imagine your life  
Now all you see  
Is changing you

Open your eyes

Why deny life you dream about?  
Why deny your dream?

Why deny life you dream about?  
Why deny your dream?

Why deny life you dream about?  
Why deny your dream?

A generation gets left behind  
Degenerate

I break away for my soul to keep  
I break away  
I break away

Your dream  
Why deny your dream?  
I break away for my soul to keep  
I break away

Your dream  
Why deny your dream?

Break away for my soul to keep  
Break away for my soul to keep  
Break away for my soul to keep  
Break away for my soul to keep
