

## Obsession

## Fear Of Domination

Loose the chains holding me  
I have the freedom to fly  
Still I find myself  
Bound tightly to the ground  
To the wall, to my will  
To the lies I despise  
Stuck in the trenches at the war zone of my mind  
I preserve sanity  
Made of fragile glass  
Search my way through the maze  
How long will I last?  
Made my plans for tomorrow  
Still I'm stuck in yesterday

Obsession  
To leave the past behind  
Make a sacrifice  
For a new dawn to rise  
Break the barriers  
To finally realise what you can become  
Don't deny my rights  
And claim what is mine  
I will draw the line  
It's not my demise  
I'll make my way  
So don't you dare to wear me down

Obsession  
Just leave the past behind  
Make a sacrifice  
For a new brighter light  
Break the barriers  
To finally realise what you have become

Remember times when breathing was easy  
Now it's like the whole world is holding me back  
Let me through, time for you  
To get out of my way  
In the mindless wars left unsolved

A demonic insanity turns reality into a haze  
Feed the madness of this world  
It is not just a phase  
In this progression of obsession  
And the need for oppression  
Are you ready to make a change?
