

## You Little Thief

Feargal Sharkey

You little thief  
You let me love you  
You saw me stumbling  
You watched me fall  
You left me broken  
Shattered and bleeding  
But there's no hard feelings  
There no feelings at all

You little thief  
You little savage  
You little beauty  
You little whore  
You've taken everything  
I had to believe in  
Now there's nothing  
To believe in at all

So tell me how does it feel  
To make a grown man wanna die  
Does it make you uneasy  
Does it every cross your mind

You little dream  
You little nightmare  
You little nothing  
You little girl

You left me broken

There's no hard feelings

Cos when I needed you  
You watched me fall
