

Goodbye

Feder

Is someone listening?

OK

Let me tell you this story
Of that guy

First you loved, then you promised
Whilst losing control, crazy night, intense sex

Now, living, my own life
Got you out of my muff
Have, me wasting, too much time
Gonna leave you far behind

Then, you ran away
Are you thinking of me?
When you fuck her?
Does she know you were supposed to love me
Till you die
Almost
Kill me

Now, living, my own life
Got you out of my muff
Have, me wasting, too much time
Gonna leave you far behind
