

Drama Queen

feeble little horse

(I like what I'm doing, and doing what I like so... can't beat that)

It's a little thing I call it
In one ear and out
You've got a whole lot to say, but maybe you forgot

Why don't you say it me?
You've gotta give it to me
Oh, you don't wanna be mean, but
I am the drama queen

I'm too tall, I am above it
Even if you lie
It doesn't have to be a secret
I can't read your mind

Why don't you say it me?
You've gotta give it to me
Oh, you don't wanna be mean, but
I am the drama queen

Take a little hit, it's alright
We could use a heavy fistfight
You know that I did a bad thing
You don't have to say it nicely

Why don't you say it me?
You've gotta give it to me
Oh, you don't wanna be mean, but
I am the drama queen
