

Freak

feeble little horse

I know you want me, freak
Sport star, honey, be on my team
I wanna play nicely
I can pick it up if you take the lead

I know you want me, freak
I know you want me, freak
I know you want me, freak
I know you want me, freak

I can look you in the eye and cheer for you 'cause I'm on your
side
How can you be satisfied? She's five-foot-one and you're six-
foot-five
Maybe you're not my type, but you can score when it's overtime

I know you want me, freak
Sport star, honey, be on my team
I wanna play nicely
I can pick it up if you take the lead

I know you want me, freak
I know you want me, freak
I know you want me, freak
I know you want me, freak
