

# Pocket

feeble little horse

All my kisses and hugs  
Are burning a hole  
In my pocket  
In my pocket  
In my pocket  
In my pocket

Did I make you cringe (Did I)  
Did I make you  
Cringe online  
Did I make you cry (Did I)  
When I cross  
Your mind

Do you wanna be in my pocket?  
Do you wanna be in my pocket?  
Do you wanna be in my pocket?  
Do you wanna be in my pocket?  
Do you wanna be in my pocket?  
Do you wanna be in my pocket?  
Do you wanna be in my pocket?  
Do you wanna be in my pocket?

Use my imagination to sin  
Can't cough up the key to get in  
Knocked up by a dead man, I'm thin  
I'm alone in baby-making (Can't cough up the key to get in)  
Every fucking day of my life  
A dead man is fucking me, I can't hide  
I can't get him out from inside  
Can't cough up the key to get in (Do I make you cringe online)  
Knocked up by a dead man, I'm thin  
Can't cough up the key to get in  
Knocked up by a dead man, I'm thin  
Can't cough up the key to get in  
Knocked up by a dead man, I'm thin (Looking through)  
Can't cough up the key to get in (Your profile every time)  
Knocked up by a dead man, I'm thin (And your username)  
Can't cough up the key to get in

Do you (Something)
