

Trapdoor

Feed Me

Packed up, and I walk today
'Cause I'll be here no more
Left my keys and I'm on my way
Finally out the door

And I've seen these things before
No stressing anymore

Departing, we had nothing left at all
Departing, got my feet back on the floor

I won't fall down your trapdoor!

Back on

I won't fall down your trapdoor!

Depart!

I got my feet back on the floor
I won't fall down your trapdoor!

(Got my feet back on the floor
I won't fall down your trapdoor)

Packed up and I walk today
Time to leave this town
Left the ring and I walked away
Without a final round

And I've seen these things before
No stressing anymore

Departing, we had nothing left at all
Departing, got my feet back on the floor

I won't fall down your trapdoor!

Back on

I won't fall down your trapdoor!

Depart!

I got my feet back on the floor
I won't fall down your trapdoor!
