

Mother Earth, can you feed us now?
Feed me now, feed me now
Mother Earth, can you see us now?
Hold me down, hold me down

Revolution, revolution
Revolution, revolution

Mother Earth, can you feed us now?
Burst the bug, be forever loved
Hold me down, you can't hold me down
Break the bones, throw your stones

Revolution, revolution
Revolution, revolution
Revolution, revolution

You gotta fight it, you can fight it, no one else will
You gotta fight it, you can fight it, no one else will
You gotta fight it, you can fight it, no one else will
You gotta fight it, you can fight it, no one else will

Feed me now, see me now
Mother Earth, can you see us now?
Throw the stones, throw the stones

Revolution, revolution
Revolution, revolution
Revolution, revolution, revolution
