Find a Place

Feeder

Some things never seen right
You've got no-one to blame
You've got the rest of your life
Amy

Waking up in the night
Somethings got a hold of your body inside
Lately

I just wanna be the one to take you out of this place
I just wanna be the one, the one

Come back down
Come back down
Come back down
Come back down
Come back down
Find a place

You've got nothing to hide
You can be that person that still lives inside
Amy

We've made our choices in life
But nothing gonna save you if you give up the fight
Save me

I just wanna be the one to take you out of this place
I just wanna be the one, the one

Come back down
Come back down
Come back down
Come back down
Come back down
Find a place
So, come back down
Come back down

You still gotta chance to carry on
Been trying to explain you're not alone
No
Turn around or you might never see
That person that you really want to be

Come back down
Come back down
So, come back down
Come back down
Find a place
Come back down
Come back down
Find a place
