

Sky Life

Feeder

It's time to leave, time to go
Set sail on seas, don't follow
'Cause I could never leave
If I look back and I see you

'Cause I may not make it home
But I'll be thinking of you
As daylight turns to dusk
I'll be watching sky life

It's time to see the world outside
Above our heads - star filled skies
You can always see them if you look high
They'll never leave you

'Cause I may not make it home
But I'll be thinking of you
As daylight turns to dusk
I'll be watching sky life
I'll be watching sky life
