

Optimistic kind of ways  
Happiness has found a place  
It's living inside of me

I can't explain how I feel right now  
Talking about it, shout out loud  
Do you know how I feel?

Through the eyes of the innocent  
You try to find our way  
A forest that leads to deliver us  
A mountain hideaway  
Through the eyes of the innocent  
That lie beneath the stars  
Showing us the way

You're the everlasting kind  
You found a place, inside my mind  
'Cos you know how I feel

I held my hands up to the light  
Show the prisoner that lives inside  
You set my spirit free

Through the eyes of the innocent  
You try to find our way  
A forest that leads to deliver us  
A mountain hideaway  
Through the eyes of the innocent  
That lie beneath the stars  
Showing us the way

Showing us the way

Through the eyes of the innocent  
You try to find our way  
A forest that leads to deliver us  
A mountain hideaway  
Through the eyes of the innocent  
That lie beneath the stars  
Showing us the way
