

Uptight

Feeder

Just pull yourself together
Uptight and over used
No cash or warmer weather

You've got to believe it
Yes, you've got to believe it

Sunsets and skies of blue

You've got to believe it
Yes, you've got to believe it

Come on, come on, come on, come on
You could be the next thing (next thing)
Summer Blues
Come on, come on, come on, come on
You could be the next thing (next thing)
Summer Blues

Been talking tough talk too long
Uptight and over used
No cash or warmer weather

You've got to believe it
Yes, you've got to believe it

Sunsets and skies of blue

You've got to believe it
Yes, you've got to believe it

Come on, come on, come on, come on
You could be the next thing (next thing)
Summer Blues
Come on, come on, come on, come on
You could be the next thing (next thing)
Summer Blues

Uptight
Uptight

You've got to believe it
Yes, you've got to believe it

Yes, you've got to believe it

Come on, come on, come on, come on
You could be the next thing (next thing)
