

# Be Strong

Fefe Dobson

It's ok baby  
For you to feel  
Take as much time  
You need to heal  
Such a pretty girl

I was once where you are  
So in love  
I once had begged  
The great lord above  
Please bring him home

Be strong  
So strong  
I know you can baby girl hold on  
Be strong  
So strong  
Cause now your man, baby girl, is gone

He's in another girl's loving arms  
You watch her working  
Her womanly charms  
And you wonder why  
You break down and cry

Baby I once cried  
Where you cried before  
I've heard the same lies  
Showed my man the door

It's ok baby for you to feel  
Let your tears go by  
Just break down and cry
