

DANCING FOR ME

Fefe Dobson

Flipped a switch on a Saturday night
Took a hit, that was it, called it quits
We were dysfunctional
Miss stepped to the left, it could never be right
I was holding my breath, tap dancing on ice

You froze my heart
But I come back to life
When the music starts

You broke my wings and killed the lights
Now I'm doing better, you know I'm doing better
Skipped a beat, but now I'm flying
Now I'm doing better, you know I do it better
I'm fine dancing on my own
I'm fine dancing on my own

Cut the cord, close the curtains
I heard you were out there with somebody, somewhere
I ain't nobody's fool
Don't tell me what to do
How to dress or how to move
God forbid I tell the truth
The truth about you

You crossed the line
But you don't cross my mind
When the music starts

You broke my wings and killed the lights
Now I'm doing better, you know I'm doing better
Skipped a beat, but now I'm flying
Now I'm doing better, you know I do it better
I'm fine dancing on my own
I'm fine dancing on my own

I'm taking the lead
I'm finally free
I'll do it alone
I'm dancing for me
I'm feeling the heat
To the highest degree
I'm fine on my own
I'm dancing for me

You broke my wings and killed the lights
Now I'm doing better, you know I'm doing better
Skipped a beat, but now I'm flying
Now I'm doing better, you know I do it better

I'm taking the lead
I'm finally free
I'll do it alone
I'm dancing for me
I'm feeling the heat
To the highest degree
I'm fine on my own

I 'm dancing for me
