

Lemonade

Fefe Dobson

You can't kill my vibe even if you tried
I'm staying alive John Travolta style
Everywhere I go leave 'em in the cold
That's the way it goes. Goodbye, adios

Aye, aye, aye, I keep it sunny in the shade
Aye, aye, aye, I, I don't care about what you say
Aye, aye, aye, I, I do things my own way
Every single day I'll be making lemonade

Every single day I'll be making lemonade

Always getting looks like I'm Hollywood
They misunderstood, I'm just feeling good
Doing like I please, no apologies
Got no energy for my enemies

Aye, aye, aye, I keep it sunny in the shade
Aye, aye, aye, I, I don't care about what you say
Aye, aye, aye, I, I do things my own way
Every single day I'll be making lemonade

(Every single day I'll be making lemonade)
Every single day I'll be making lemonade
(Every single day I'll be making lemonade)
Every single day I'll be making lemonade
Every single day I'll be making lemonade
