

# Scar

Fefe Dobson

Blowing Palm tress  
Perfect sunsets  
Tricked my mind to get my feet wet

Tired of lies  
Pressure rising  
You're all I have and now your crying  
Oh I hit you way too low  
I've gone too far  
I'm just another scar

And when you told me  
You don't love me anymore  
You don't love me anymore  
You punched me out  
You took me down

I trash talk you  
You trash talk me  
Orchid flowers help me fake I'm happy

Empty bedroom  
Chest is burning  
I've messed up and now I'm paying  
Oh I kicked you way too low  
I've gone too far  
I'm just another scar

And when you told me  
You didn't want to see me again  
You didn't want to never ever see me again your scream and shout turned  
Me around

And now I feel the way you do  
I'm just like you  
I'm just like you  
Now I will never be the same  
No I will never be the same

Now I will never be the same
