

SHUT UP AND KISS ME

Fefe Dobson

M-m-m-mwah-ah

Did I catch you on a bad day?
You're so sour in the best w-w-w-way
I wanna waste my time on you
I chase tequila shots with champagne
The perfect fix for every heart b-b-b-break
So here's to nothing left to lose

Want you to let go
Ooh
And maybe get some
Ooh
Why don't you lose control
And get emotional (yeah, yeah, yeah)

Give me a little taste
My lips, your face
My place or your place
Don't make me wait
Shut up and kiss me (m-m-m-mwah-ah)
Shut up and kiss me (m-m-m-mwah-ah)

Something here I need to express
You're so cute when you're a hot m-m-m-mess
I wanna take a bite of you
I'm not trying to keep my head straight
I'm just trying to make a few mistakes
So let me make one out of you

I wanna let go
Ooh
I wanna get some
Ooh
I wanna lose control
And get emotional (yeah, yeah, yeah)

Give me a little taste
My lips, your face
My place or your place
Don't make me wait
Shut up and kiss me (m-m-m-mwah-ah)
Shut up and kiss me (m-m-m-mwah-ah)

Lemon peel, orange rind
Sweet and kinda bitter
On the rocks, I'm a cat 5 Full throttle twister
Lemon peel, orange rind Sweet and kinda bitter
On the rocks, I'm a cat 5 Full throttle twister
Even on a bad day
I'm sour in the best way
(M-m-m-mwah-ah)
(M-m-m-mwah-ah)

Give me a little taste My lips, your face
My place or your place Don't make me wait
