

## Do Better

Feint

I took our love and I put it on ice  
This bed is cold and it don't feel right  
Ain't nobody else  
Could love me like that  
You love me like that no  
You give me space and I'll give you the sky  
Yeah, you got me thinking we could try try try  
Ain't nobody else  
Could love me like that  
You love me like that

When I said it's over  
Thought I really meant that  
Now I'm wanting you back  
So just hold me closer  
Ain't nobody like us  
Now I know

So come on and  
Love me like you did before  
Tell me I'm worth fighting for  
Show me that there's something more  
We can do better

Brick by brick we built these walls  
But tonight we'll watch them fall so  
Love me like you did before  
We can do better  
We can do better

We can do better  
We can do better

We can do better  
We can do better

So take this bed and set it on fire  
Only you know my dark desires  
Ain't nobody else  
Could love me like that  
You love me like that

When I said it's over  
Thought I really meant that  
Now I'm wanting you back  
So just hold me closer  
Ain't nobody like us  
Now I know

So come on and  
Love me like you did before  
Tell me I'm worth fighting for  
Show me that there's something more  
We can do better

Brick by brick we built these walls  
But tonight we'll watch them fall so

Love me like you did before  
We can do better  
We can do better

We can do better  
We can do better

We can do better  
We can do better

Come on and  
Love me like you did before  
Tell me I'm worth fighting for  
Show me that there's something more  
We can do better

Brick by brick we built these walls  
But tonight we'll watch them fall so  
Love me like you did before  
We can do better  
We can do better
