

From her bed you'll hear her say
"There are horizons floating in my brain"
From her world you'll feel her say
"Tell me your story, I don't want to feel my pain"
So I said:

Build off of the record off of my head head head head head
Build off of the record off of my head head head head head
Build off of the record off of my head head head head head
Build off of the record off of my head head head head head

From her bed you'll hear her say
"There are horizons floating in my brain"
From her world you'll feel her say
"Tell me your story, I don't want to feel my pain"
So I said:

From her bed you'll hear her say
"There are horizons floating in my brain"
From her world you'll feel her say
"Tell me your story, I don't want to feel my pain"
So I said:

Build off of the record off of my head head head head head
Build off of the record off of my head head head head head
Build off of the record off of my head head head head head
Build off of the record off of my head head head head head
Build off of the record off of my head head head head head
Build off of the record off of my head head head head head
Build off of the record off of my head head head head head
Build off of the record off of my head head head head head
