

Snake Eyes

Feint

Can't you see?
Everything
Is a mess
When you hide
All the lies
That you thought
You could bury

You kept rolling snake eyes
You kept rolling snake eyes
One too many times
One too many times

And all you see are the cards that you can play
And you thought you'd get away with these games
And all you see are the cards there in your hand
And you thought that you have everything planned

Can't you see?
Everything
Is a mess
When you hide
All the lies
That you thought
You could bury

You kept rolling snake eyes

And all you see are the cards that you can play
And you thought you'd get away with these games
And all you see are the cards there in your hand
And you thought that you have everything planned

You kept rolling snake eyes
You kept rolling snake eyes
You kept rolling snake eyes
You kept rolling snake eyes
One too many times
