

## Weavers

Feint

Drifting in endless oceans  
Promises of something better  
A hundred days of silence  
Finding something, anything  
To keep us  
From falling under  
So till we meet again  
Just know I'll  
Come for you

So at the dark  
We'll run  
Bearing our tattered, woven hearts  
And come the dawn  
We'll be gone  
So don't look away  
Don't look away

And to the dark  
We'll belong  
Shoulder to shoulder, folded strong  
And come the dawn  
We'll be gone  
So don't look away  
Don't look away

So at the dark  
We'll run  
Bearing our tattered, woven hearts  
And come the dawn  
We'll be gone  
So don't look away  
Don't look away

And to the dark  
We'll belong  
Shoulder to shoulder, folded strong  
And come the dawn  
We'll be gone  
So don't look away  
Don't look away

So at the dark  
We'll run  
Bearing our tattered, woven hearts  
And come the dawn  
We'll be gone  
So don't look away  
Don't look away

And to the dark  
We'll belong  
Shoulder to shoulder, folded strong  
And come the dawn  
We'll be gone  
So don't look away  
Don't look away
