

Lovertits

Feist

One day, you're gonna have to get over me
You're gonna have to give it to me
You're gonna have to give it up

And one day, you're gonna have to give it to me
You're gonna have to lay up to me
You're gonna have to give it up

Bye-bye baby
If you don't think I know what's happen
Here we go

You're gonna have to give it up
You're gonna have to give it up
You're gonna have to give it up
You're gonna have to give it up

You're gonna have to give it up
You're gonna have to give it up
You're gonna have to give it up
You're gonna have to give it up

Let's get over this
I'm your lovertits, oh
Let's get over this
I'm your lovertits, oh
