

# Harmony

Felix Cartal

Usually I'm on my own  
Habits keep taking me home  
Another night that I'm out planning my escape  
But you give me reasons to stay

Whenever you're close to me  
You make me  
Wanna sing a melody  
You and me  
We're in perfect harmony  
Feels better  
When we're together  
You're my harmony  
Harmony  
You make me feel better when we are together  
Harmony  
You're my harmony

You're my harmony  
Harmony  
You make me feel better when we are together  
Harmony

Now that you're here I feel strong  
Nothing could ever go wrong  
Easy to know that I'm not making a mistake  
Cuz love like this could never break

Whenever you're close to me  
You make me  
Wanna sing a melody  
You and me  
We're in perfect harmony  
Feels better  
When we're together  
You're my harmony  
Harmony  
You make me feel better when we are together  
Harmony  
You're my harmony

You're my harmony  
Harmony  
You make me feel better when we are together  
Harmony  
You're my harmony
