

What Does It Feel Like?

Felix da Housecat

I call my girl on the phone

I call my girl in Rome

I want to kiss the microphone

The microphone, phone, phone, phone

Lit up the flame and rock

I cut you run to Rome

And keep the party going on

Then if the party going on, going on, going on

What does it feel like?

To feel like I feel like

To feel like a socialite

And it feel party something like

I'm tripping on the trip

Can we kiss you on the lips?

Can we doing like this?

What does it feel like?

To feel like I feel like

To feel like a socialite

And it feel party something like
