Cloud 9

Felix Jaehn

Fault
Fault's the reason why we point the gun
(Point the gun)
And when we give love
Love must be the reason why we run
Why we run

One step closer
You and I get older
We will never ever wake up
Give me closure
When you're at my shoulder
We will never ever wake up
One step closer
You and I get older
We will never ever wake up
(Never ever wake up)

Feels like doin' time up on Cloud 9
You and me, we make up our own minds
But that's fine
'Cause we're up on Cloud 9
Fill our heart with bottles of cheap wine
We don't mind
'Cause we're up on Cloud 9
(Up on Cloud 9)

Fault
Fault's the reason why we point the gun
(Point the gun)
And when we give love
Love must be the reason why we're young
Why we're young

One step closer
You and I get older
We will never ever wake up
Give me closure
When you're at my shoulder
We will never ever wake up
One step closer
You and I get older
We will never ever wake up
(Never ever wake up)

Feels like doin' time up on Cloud 9
You and me, we make up our own minds
But that's fine
'Cause we're up on Cloud 9
Fill our heart with bottles of cheap wine
We don't mind
'Cause we're up on Cloud 9

('Cause we're up on Cloud 9)
(Up on Cloud 9)
('Cause we're up on Cloud 9)

Feels like doin' time up on Cloud 9
You and me, we make up our own minds
But that's fine
'Cause we're up on Cloud 9
Fill our heart with bottles of cheap wine
We don't mind
'Cause we're up on Cloud 9
You and me, we make up our own minds
But that's fine
'Cause we're up on Cloud 9
