

# Cloud 9

Felix Jaehn

Fault  
Fault's the reason why we point the gun  
(Point the gun)  
And when we give love  
Love must be the reason why we run  
Why we run

One step closer  
You and I get older  
We will never ever wake up  
Give me closure  
When you're at my shoulder  
We will never ever wake up  
One step closer  
You and I get older  
We will never ever wake up  
(Never ever wake up)

Feels like doin' time up on Cloud 9  
You and me, we make up our own minds  
But that's fine  
'Cause we're up on Cloud 9  
Fill our heart with bottles of cheap wine  
We don't mind  
'Cause we're up on Cloud 9  
(Up on Cloud 9)

Fault  
Fault's the reason why we point the gun  
(Point the gun)  
And when we give love  
Love must be the reason why we're young  
Why we're young

One step closer  
You and I get older  
We will never ever wake up  
Give me closure  
When you're at my shoulder  
We will never ever wake up  
One step closer  
You and I get older  
We will never ever wake up  
(Never ever wake up)

Feels like doin' time up on Cloud 9  
You and me, we make up our own minds  
But that's fine  
'Cause we're up on Cloud 9  
Fill our heart with bottles of cheap wine  
We don't mind  
'Cause we're up on Cloud 9

('Cause we're up on Cloud 9)  
(Up on Cloud 9)  
'Cause we're up on Cloud 9)

Feels like doin' time up on Cloud 9  
You and me, we make up our own minds  
But that's fine  
'Cause we're up on Cloud 9  
Fill our heart with bottles of cheap wine  
We don't mind  
'Cause we're up on Cloud 9  
You and me, we make up our own minds  
But that's fine  
'Cause we're up on Cloud 9
