

## Do It Better

Felix Jaehn

Hello, bye-bye  
Don't need you with me tonight  
All good, all fine  
My heart is all mine  
No games, no lies  
Put all that shit to the side

The things that I do, boy, you could never  
'Cause at the end of the day, I do it better  
The thing that I got, got it forever  
Touching my dreams, I'm in the center  
'Cause at the end of the day, I do it better

I like the feeling that I feel when I'm next to you  
But when I'm sleeping by myself, yeah, I see it through  
From start to finish, I know I didn't come to lose  
'Cause at the end of the day, I do it better

'Cause at the end of the day, I do it better  
'Cause at the end of the day, I do it better

Hello, bye-bye  
Don't need you with me tonight  
All good, I'm fine  
My heart is all mine  
Hello, bye-bye  
Don't need you with me tonight  
I'm good, I'm fine  
My heart is all mine

All day, all night  
This how I'm spending my time  
No tears, no fights  
No one to make me cry  
Hello, bye-bye  
Thank you for showing me why

I like the feeling that I feel when I'm next to you  
But when I'm sleeping by myself, yeah, I see it through  
From start to finish, I know I didn't come to lose  
'Cause at the end of the day, I do it better

'Cause at the end of the day, I do it better  
'Cause at the end of the day, I do it better

Hello, bye-bye

All good, I'm fine  
My heart is all mine  
Hello, bye-bye  
Don't need you with me tonight  
I'm good, I'm fine  
My heart is all mine

(I do it better, I do it better, I do it better  
I do it better, I do it better, I do it better)  
I do I better

(I do it better, I do it better, I do it better  
I do it better, I do it better)  
'Cause at the end of the day, I do it better
